

FESTIVAL OF SPORT AND FUN

Stoke Mandeville Stadium Thursday 20th July, 10am-2:30pm

Sport and being active are integral parts of what we do at Talkback and we want to be able to showcase that in a way that encourages everyone to get involved.

We are thrilled to be holding our first ever Festival of Sport on the 20th July at the Stoke Mandeville Stadium. The day will be packed with a wide range of sporting sessions run by our partners, each of whom has significant experience in providing sporting opportunities for autistic people and those with learning disabilities.

How will the day work?

The day is a drop-in session and everyone is welcome. You can join us at any point and try out any (or all!) of the activities. There's no pressure to be involved in all of it, so if you just want to come along and try one sport, then that's totally fine. There will also be a range of stalls (because it's a festival) to find out more about local organisations.

With thanks to our funders

Without whom we could not put on such an amazing event
